### **Info about Empyrean Brewing Company:**

It began in 1990 with a dream that we could hand-craft full-flavored beer. That dream became Nebraska's first microbrewery, Empyrean Brewing Co.

Since the dawn of time, mortals have gazed skyward to marvel at the cosmos. As comets blaze across the sky and stars dance in the heavens, myths and legends were born. Ancients believed paradise existed at the highest point in the universe, within a fiery sphere they called "The Empyrean." Inspired by this sentiment, we infuse each batch of handcrafted beer with our unique notion of paradise.
