

REPLACEMENT STICKERS FOR EMPYREAN TAP MAGNETS

- 1) Print on adhesive sticker paper.
Cut apart with scissors by following the outer edge of the oval (two per handle).
- 2) Flip over and score with the point of scissors for easy removal from backing.
- 3) Adhere logo sticker to magnet.
Do not put sticker directly on tap handle! Use magnet to prolong the life of handle.
- 4) Put magnet on tap handle.

*** When magnet becomes thick with too many layers of stickers, peel excess layers off. If magnet is un-useable, contact Empyrean's home office for replacement.
